Cary-Lift®

With precise hydraulics and full frontal visibility, the Cary-Lift makes easy work of your toughest pipe, pole and log loads. Use the machine to safely lift, load and unload your heaviest materials, even from rail cars, with only one operator.

Maximize productivity with the highest capacity specialty handler in its class.

Safely load and unload material from a rail car with just one operator.

- *Full frontal visibility, even while loaded, with the unique overhead lift arm.*
- *Reach forks out up to four feet without repositioning the machine.*
- *Lift up and over, tilt and reach down simultaneously with dual joystick controls.*
- *Heavy-duty, solid steel frame design keeps loads stable in full turns, without added counterweight.*
- *Lift and carry loads on uneven ground with hydraulic frame sway control.*
- *Stay up and running for years with superior engineering and service.*

MAXIMUM LOAD-HANDLING EFFICIENCY

- Overhead lift arm provides maximum visibility, even while loaded
- Standard right- and left-hand joystick controls

POWERFUL, VERSATILE MANEUVERABILITY

- Maintains maximum lift capacity in a full turn
- 90-degree fork tilt down, forward reach, hydraulic frame sway control and side shift for unmatched load manipulation
- Two-wheel, four-wheel and oblique steering

PEAK PERFORMANCE IN ALL CONDITIONS

- Cummins emissions-certified engine with full electronic control protection
- Heavy-duty axles with four-wheel drive, four-wheel steer and external dry disc brakes
- Large fuel tank runs for a full workday

GREATER OPERATING COMFORT AND SAFETY

- Fully adjustable seat with lumbar support
- Tilt telescopic steering column
- Full instrumentation for real-time status of all systems
- Sliding cab door with steps and hand holds

OPTIONAL ATTACHMENTS FOR EVERY JOB

- Fork frames
- Pipe and pole balers
- Log balers
- Scrap balers
- Rotating pole handlers
- Tire handlers
- Clams
